TOURNAMENT FAQ'S

What is a Scramble vs Best Ball format?

A *Scramble* format is commonly used for tournaments. It allows players of all skill levels, and both genders, to play together without the need for handicaps for individual scoring purposes. Every player has the opportunity throughout the event to contribute to their team's score.

After each of the team members hits from the tee, all players pick up their ball and move it to the ball with the best lie (team Captain's choice), then golfers hit again from that same spot. This continues until the ball is in the hole.

With a *Best Ball* format, each player plays his own ball throughout the round, and on each hole the low score or "best ball" of the group serves as the team score.

What are Tee Times?

Tee times are the assigned times for your group to begin your golf round, and are scheduled into our system. When you submit your list of teams to the Events Manager, you will receive tee times for each team. Organizers should arrive, approx 1/2 prior to the first tee time and check in at the Proshop (across the bridge). All other golfers should arrive at the Proshop 15 minutes prior to their tee time. Please be respectful of the assigned times as other groups will be scheduled after yours.

How long should it take us to play 9 holes?

It generally takes about 1½ hours to play 9 holes at Paradise Valley. This can stretch to 2 hours if the course is busy, but 10 minutes per hole should be plenty of time for everyone to enjoy themselves without feeling rushed.

What can we wear on course?

Paradise Valley has a relaxed dress code, but we do ask that golfers dress respectfully and be conscious of other customers and families that are enjoying the facility. Flat heeled shoes are required as to protect the greens from damage - and sorry, but no cowboy boots!

What is a Shotgun Start?

A shotgun start is where each group of golfers start on a different tee box, and everyone starts at the same time. Paradise Valley requires a minimum of 45 golfers for each 9 holes, and approval from our Events Manager in order to accommodate a shotgun start.

What are proximity markers and fun holes?

Proximity markers are stakes that go into the ground to mark where the golfer's ball landed for contests. Example: closest to the pin, longest drive, etc. Fun holes are activities that golfers perform that add entertainment to the game - for example, putting with a trick putter (provided by Paradise Valley). The Events Manager will be happy to assist you with ideas for fun holes and proximity markers.

Can we bring our own alcohol on course?

According to ALGC, you may not bring your own alcohol onto our premises. All liquor sold and consumed on a golf course must be sold and served by the licensee and dispensed by licensee. If there are any violations, the alcohol can be confiscated and the patron removed from the premises.

What happens if it is raining or cold?

In the case of rain and/or inclement weather, tournaments and catered meals will be expected to go ahead unless the course is deemed "unplayable" by the staff. In this case, the tournament will be given alternative days of play. If alternative dates are not available, the tournament deposit will be refunded. If you choose not to golf, we will go ahead with the meal and/or you will be invoiced accordingly.

Can we share golf clubs?

Sharing of clubs is not allowed due to the impact on pace of play. Paradise Valley does provide clubs for rent.

When do we require final golfer/dinner numbers?

Final numbers for dinner is required 5 business day prior to the tournament. Golf teams are required 2 business days prior. Minor adjustments can be made up to 24 hours prior.

How late can we stay after the BBQ?

The BBQ/Gazebo area is booked for your group for 3 hours from the time your meal is served. If you would like to stay longer, then prior arrangements can be made with the Events Manager.
